## **PRESS RELEASE**

The TERRA LACTA cooperative and BONGRAIN SA confirm their intention of entering a closer relationship, this following a period of exclusive discussion which has enabled them to identify a certain number of potential forms of convergence and synergy.

TERRA LACTA and BONGRAIN SA have materialized their intention as a means of providing a framework for their discussion as to the potential conditions of their partnership.

The proposals arising are expected to be subject to the procedure for information and consultation of the employee representatives, and to approval by the competition authorities, during the coming months.
